SHUBHAM KUMAR GUPTA

MERN developer

shubhamkumargupta1012@gmail.com | Github | Linkdin | Twitter | Portfolio

CAREER SUMMARY:

As a Bachelor of Computer Application student with a passion for technology. I am seeking opportunities to apply my knowledge and contribute to the field. With the understanding of programming languages like Java, JavaScript and my web development skills.

SKILLS:

Language: Java, JavaScript

Frontend: HTML, CSS (Bootstrap, Tailwind) and JavaScript (React JS)

Backend: Node Js, Express Js **Database:** MongoDB, MySql

Version Control & tool: Git and Github

PROJECTS:

BlogPoint - A Blog Website: Demo | Github

BlogPoint: A User-Authenticated Blog Website (using HTML, CSS, JavaScript, React.js, Appwrite

- Built a dynamic and interactive blog website using HTML, CSS, and JavaScript for the front-end.
- Implemented React.js to create a modern and user-friendly experience.
- Integrated Appwrite as a backend database for efficient data storage and management.
- Incorporated user authentication to allow users to create accounts, post articles, and leave comments.

Pinfluence - A WebApp <u>Demo Github</u>

Tech Used: MERN

- Pinfluence serves as an online platform where users can discover and share visual inspiration.
- The backend, built on the MERN stack, ensures scalability and security. MongoDB stores data, while Express.js and Node.js handle server-side logic efficiently.
- Users can upload their own collections of pins.

Instagram Clone <u>Demo</u> <u>Github</u>

Tech Used: MERN

- Like Instagram, but simpler. Share photos, make new friends, and enjoy a user-friendly experience.
- Upload photos, comment, and follow others effortlessly. It's beginner-friendly and fun to use.
- Your account is protected with Passport.js authentication, ensuring secure access to your memories.

EDUCATION:

2021 - 2024 | Babu Banarasi Das University

Bachelor of Computer Applications

• Average CGPA: 8.4
